

GPC P24

PORTABLE COMPACTOR

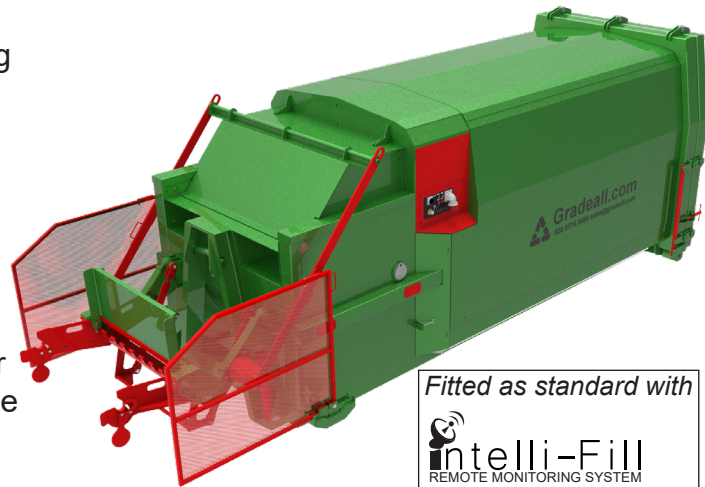

ENGINEERING SOLUTIONS FOR THE WASTE & RECYCLING INDUSTRIES

The Gradeall GPC P24 is a high capacity portable compactor designed for use with wet wastes. This compactor is built to the British CHEM standards meaning it can be lifted and transported by any CHEM compliant hook lift truck. The GPC P24 is built to last with quality steel used throughout to ensure the maximum possible longevity. The latest form of control system is used and features the Intelli-Fill remote monitoring and diagnostic system providing a number of useful features.

The GPC P24 is the ideal waste management solution for any business or organisation that deals or processes large volumes of wet waste material.

The twin ram powered pendulum in this compactor delivers pressure firmly on the waste. It is suitable for food, medical waste, organic waste or any type of waste high in liquid content.

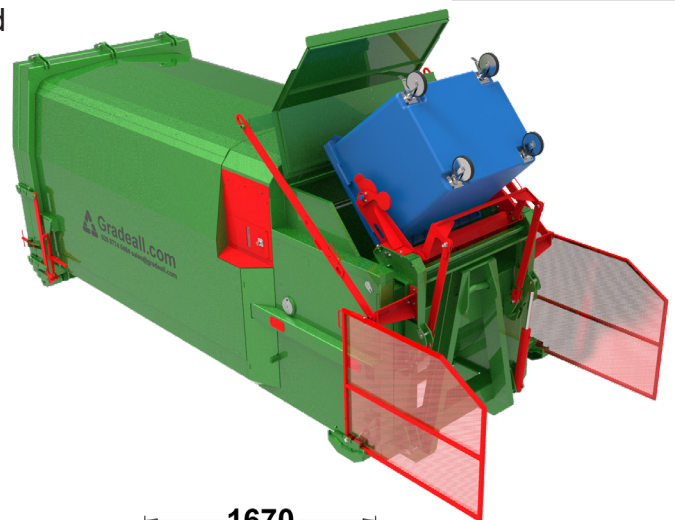

- Ideal for wet waste.
- Controls available on either side.
- Manual load or bin lift versions available.
- Intelli-Fill wireless connectivity.
- Optional deodorising system available.

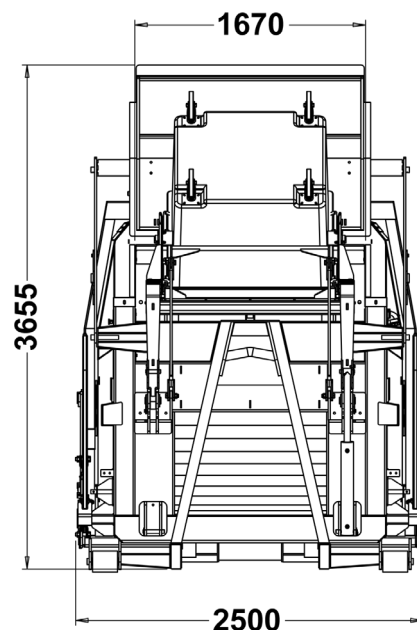

Fitted as standard with

Intelli-Fill
REMOTE MONITORING SYSTEM

- Remote monitoring & diagnostics
- Parameter adjustments
- Compactor full alerts via email
- Intelligent service reminder

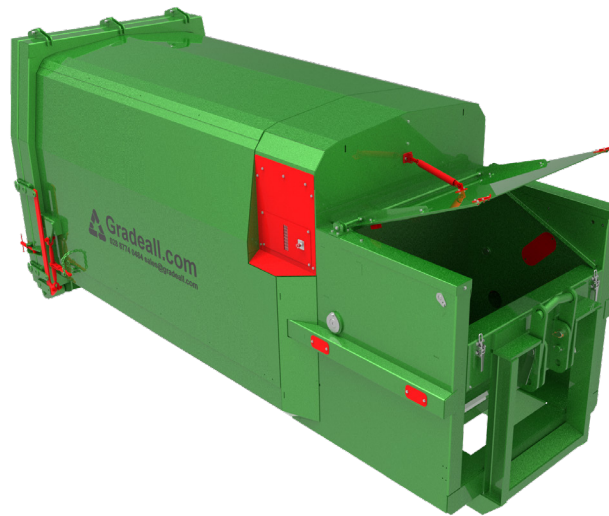

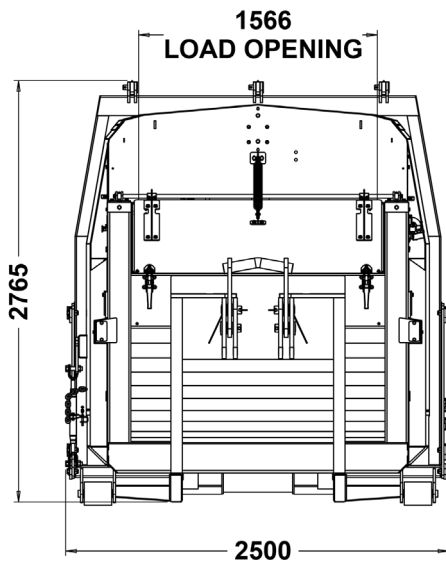

Model	GPC P24
Total Capacity (m ³)	24
Container Capacity (m ³)	20.5
Charge Box Capacity (m ³)	3.5
Power Supply	415v 3 Phase
Motor Size (Kw)	5.5
Machine Weight (Kg)	6320
Cycle Time (Seconds)	30
Maximum system pressure (Bar)	200
Ram Bore (mm)	110
Force per Ram (Tonne)	19
Total Force Delivered (Tonne)	38
Compaction Face Area (m ²)	0.36
Maximum Head Face Pressure (Tonne/m ²)	105
Load Opening (mm)	1760x1360
