

GPC P9 PORTABLE COMPACTOR

ENGINEERING SOLUTIONS FOR THE WASTE & RECYCLING INDUSTRIES

The Gradeall GPC P9 is a chain lift, skip type wet waste portable compactor. It can be lifted and transported using any CHEM compliant chain lift skip truck. This makes it a durable and extremely convenient waste management solution for any business or organisation that deals with or processes significant volumes of wet waste material.

The twin ram powered pendulum delivers its pressure firmly on the waste. Pendulum waste compactors deliver a much higher compaction face pressure than other types of compactors. This makes the GPC P9 ideal for compacting wet waste types such as food waste, medical or organic waste.

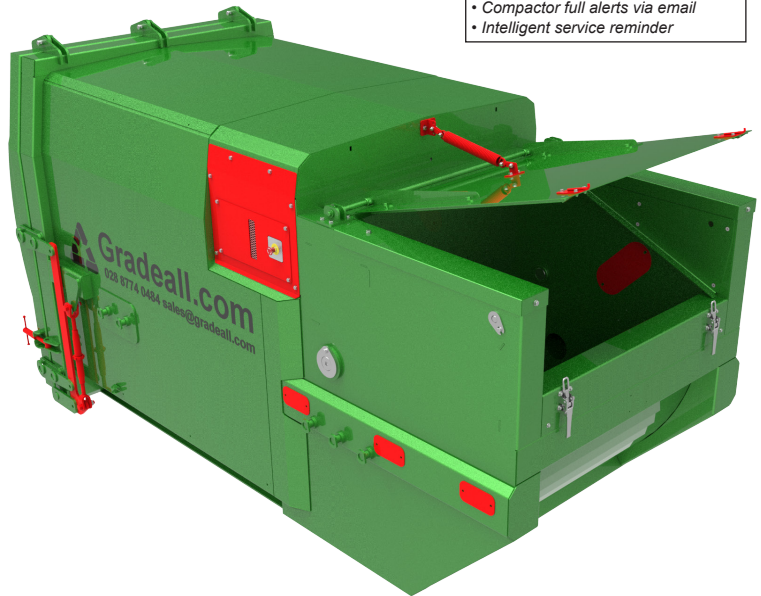

- Ideal for wet waste types.
- Controls available on either side.
- Manual load or bin lift versions available.
- Intelli-Fill wireless connectivity with remote monitoring and diagnostics.
- CHEM compliant.

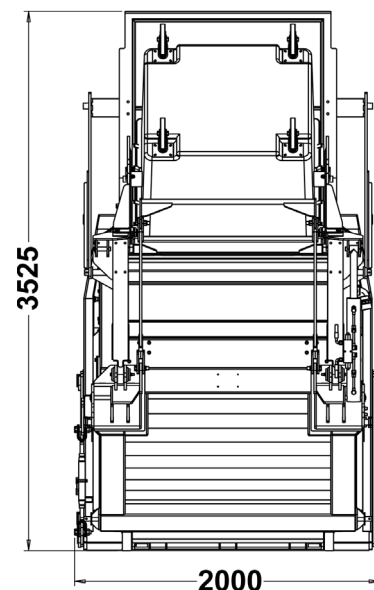

Fitted as standard with

Intelli-Fill
REMOTE MONITORING SYSTEM

- Remote monitoring & diagnostics
- Parameter adjustments
- Compactor full alerts via email
- Intelligent service reminder

Model	GPC P9
Total capacity (m ³)	10.5
Container capacity (m ³)	8
Charge box capacity (m ³)	2.5
Power supply	415v 3 Phase
Motor size (Kw)	5.5
Machine weight (Kg)	3110
Cycle time (Seconds)	30
Maximum system pressure (Bar)	200
Ram bore (mm)	100
Ram stroke (mm)	600
Force per ram (Tonne)	15
Total force delivered (Tonne)	30
Compaction face area (m ²)	0.32
Maximum head face pressure (Tonne/m ²)	98.2
Loading aperture (mm)	1350 x 1155
